# THE ALLEN FOUNDATION INC.

# 2013 Annual Report

www.allenfoundation.org

## LETTER FROM THE CHAIR

My father William Allen had a vision that children and adults would benefit from better-quality nutrition as a result of the work of his foundation. Two of his early initiatives were to encourage mandatory courses in nutrition in medical schools and to increase awareness among children and their parents of the importance of good nutrition. I am proud to report that a number of successful programs of these kinds have been funded annually by the foundation since its establishment in 1975.

In 2013 the Allen Foundation achieved its goal of funding a diverse group of projects in response to its founder's charge. Eight of them provided educational support to children, youth, homeless mothers, and immigrants. Two outstanding research projects included: effects of vitamin K status and adverse effects following vascular surgery; and consequences of enriched maize-based beverages on growth rates of fifth to seventh grade students in South Africa.

This year I would like to recognize the professionals on our board who have shared their time and expertise in the area of scientific nutrition research. These individuals are Mark Ostahowski, Leslie Hildebrandt, Ann Jay, Patrick Oriel, Mary Neely, Chuck Kendall and Bill Lauderbach. Without their informed input, support for worthy educational and academic nutrition proposals would not be possible.

The Allen Foundation board of trustees sends special thanks to Saginaw Valley State University for its management of the Allen Foundation website and on-line application system. The university's generous donation to the foundation is most appreciated.

Five years ago the Allen Foundation established a "Junior Apprentice" program for young persons interested in the work of the foundation. In 2013 the foundation welcomed Junior Apprentice Amanda Bouwman. We have appreciated her contributions to our grant making efforts.

It is a privilege working with my fellow trustees in pursuit of my father's mission to eliminate nutritional deficits worldwide. I am truly grateful for their dedication, expertise and deep concern for improving human nutrition.

Haul E Lamphear, Gail E. Lanphear, Chair

Amanda Bouwman, Junior Apprentice	
/	,

### GRANT APPLICATION PROCEDURE

The Allen Foundation Inc. operates under the laws of the State of Michigan, with offices in Midland. In order to be considered for an Allen Foundation grant, you must be a non-profit organization, and be able to provide us with a copy of your federal Internal Revenue Service certification of 501(c) (3) tax-exempt status. Academic research under an Allen Foundation grant should be conducted under the leadership of a principal investigator who is a full-time regular faculty member with tenure or on tenure track. The foundation does not directly administer the programs which it funds. Recipients are asked to submit yearly progress reports and a financial accounting concerning the expenditures of the foundation grant.

Grants are strictly limited under the terms of the charter to projects that benefit programs for human nutrition in the areas of health, education, training, and research. The foundation requires electronic submission of all unsolicited applications for consideration for possible funding. Please go to: http://www.allenfoundation.org/ and follow the instructions for filing a grant application online. The next deadline for submission of proposals is December 31, 2014. This deadline means that any proposal submitted electronically on or after January 1, 2015, will be considered for possible funding in 2016. The decisions of the board of trustees will be posted on the foundation's website in June of each year. Because of the number of proposals received and the limited resources of the foundation, applicants should never view possible declinations to fund their proposals or delays in reviewing their proposals as judgments on the actual merits of their proposals.
