### THE ALLEN FOUNDATION INC.

## 2015 Annual Report

www.allenfoundation.org

#### LETTER FROM THE CHAIR

The Allen Foundation trustees significantly increased their charitable giving in 2015 due to a donation from the estate of our founder, William W. Allen. Our grants totaled a record-high amount of \$1,454,414.00.

Scientific research grants selected for funding show promise in improving the quality of life for citizens on a global scale. Examples include a maternal anti-inflammatory diet as a possible method of preventing autism in children, the contribution of egg consumption in improving nutrition and reducing cardiovascular disease in adults and the interactive effects between diet and gut flora inhibiting the development of fatty liver in obese children.

In the area of nutrition education, the foundation funded twenty-one grants including farm-to-family nutrition projects, a public garden established and maintained by inner city youth, nutritional education programs for under-served populations, and a "mother-to-mother" breastfeeding program. Four direct programs to alleviate hunger were supported in diverse regions of the U.S. Funding for a mobile food pantry freezer made food distribution in rural areas more accessible.

Informed, prudent decision-making regarding the 672 grant requests received in 2014 was possible only because of the generous donations of time and expertise of the Allen Foundation board of trustees. Our trustees include many of the outstanding scientific, educational, financial and community enrichment minds in the state. Special appreciation is due these dedicated individuals. Their efforts have significantly advanced the cause of improving human nutrition. It is my privilege to serve with them. I look forward to 2016 and the opportunities it will provide for furthering the mission of the Allen Foundation Inc.

Sincerely,

raedgrad 3 Lol

Gail E. Lanphear, Chair

#### GRANT APPLICATION PROCEDURE

The Allen Foundation Inc. operates under the laws of the State of Michigan, with offices in Midland. In order to be considered for an Allen Foundation grant, you must be a non-profit organization, and be able to provide us with a copy of your federal Internal Revenue Service certification of 501(c) (3) tax-exempt status. Academic research under an Allen Foundation grant should be conducted under the leadership of a principal investigator who is a full-time regular faculty member with tenure or on tenure track. The foundation does not directly administer the programs which it funds. Recipients are asked to submit yearly progress reports and a financial accounting concerning the expenditures of the foundation grant.

Grants are strictly limited under the terms of the charter to projects that benefit programs for human nutrition in the areas of health, education, training, and research. The foundation requires electronic submission of all unsolicited applications for consideration for possible funding. Please go to: http://www.allenfoundation.org/ and follow the instructions for filing a grant application online. The next deadline for submission of proposals is December 31, 2016. This deadline means that any proposal submitted electronically on or after January 1, 2017, will be considered for possible funding in 2018. The decisions of the board of trustees will be posted on the foundation's website in June of each year. Because of the number of proposals received and the limited resources of the foundation, applicants should never view possible declinations to fund their proposals or delays in reviewing their proposals as judgments on the actual merits of their proposals.
