
THE ALLEN FOUNDATION

MIDLAND, MICHIGAN

PURPOSE

The organization was incorporated on August 22, 1975.

The Allen Foundation was established with the goal of providing financial assistance to public charities for human nutritional research, education, training, and for the purpose of supplying food to people suffering from hunger and malnutrition.

Particular emphasis has been placed on providing financial assistance to public charities with the aim of improving nutrition for pregnant females and young children through education and training programs.

1984 ANNUAL REPORT

GRANT APPLICATIONS

The Foundation encourages applications for projects that will benefit programs for human nutrition in areas of education, training, research and for supplying needed food to pregnant mothers and young children.

Requests should be in writing and submitted to Roberta R. Allen, Secretary, and sent to:

The Allen Foundation, Inc.
923 West Park Drive
Midland, Michigan 48640

Grant limitations delineated in the Articles of Incorporation allow funding only in the field of human nutrition.

PRESIDENT'S REPORT

While the Allen Foundation remains open to innovative approaches to the larger problems of mass education and hunger world wide, we are now putting more emphasis on applied human nutrition services and education. (Projects which have direct impact on communities and small social groups.)

We aim through a nutritional approach to improve and assist communities of people who need short time funding or extra education.
